### **CLEMENCEAU TOPICS** TO BE WORLD ISSUES

Will Not Tell America What She Ought to Do but Give Own Views.

Panis, Nov. 10.—(Associated Press).—

Former Premier Clemenceau, who sails to-morrow for the United States on a personal mission designed to improve Pranco-American relations, to-day was like a school boy on the last day before vacation. So keen is he to get on the boat that he has decided to leave for loading for the last of the last day before the last day befor Panis, Nov. 10 .- (Associated Press) .-

"I don't think America knows her power in the world to-day. She is great, beyond her imagination. I shall tell them just how powerful they are, and how important this power is to the future of the world."

Clemenceau has been in training for his American tour, walking three hours. Clemenceau has been in training for his American tour, walking three hours daily and following a careful diet. "I am going to continue this in America." he said, "so I can go to banquets, if I must. Probably, however, I will do what Taft is supposed to have done as President—eat nothing at the dinners, then get a sandwish affewared."

The commander of the Paris, it is understood, will make an effort to bring his ship into New York harbor by the morning of November 18.

### MUSSOLINI WILL ASK ELECTORAL LAW CHANGE Seeks New Method of Alloting Seats to Parties.

Rome, Nov. 10 (Associated Press).—
A radical change in the method of alloting seats in the Chamber of Deputles is provided in the amendment of the electoral law which Premier Mussolini will place before Parliament shortly after it reconvenes next week. The amendment stipulates that the party whose list receives the largest number of votes in any electoral district should be awarded three-fifths of the seats alloted in the chamber to that particular district, the remaining two-fifths being divided among the other parties.

As the Fascisti feel certain that they will lead the lists in a great majority of the electoral districts they expect to win 290 seats out of 525.

Deplores Small Part They Played in Elections.

BERLIN, Nov. 10 (Associated Press) .-Such comment as appears in the Berlin newspapers regarding the elections in the United States deplores the fact that foreign issues apparently played so campaign showed." says the

Tages Zeitung, "that the United States does not know about most of Europe's troubles, especially those of defeated lands. Otherwise it would not get excited ever questions which appear to us for the most part laughable and petty, and would not have elected its statesmen according to the stand taken on such questions. It also showed that the inquestions. It also showed that the interest of the great masses for the Old World's situation-unless a sensation is involved—is basically restricted to the utmost, and that a financial sacrifice from that side is not to be expected for some time to come."

### SAYS GERMANY IS PATH TO WORLD REVOLUTION

### Some Progress Made in United States, Zinovieff Asserts.

Moscow, Nov. 10 (Associated Press).

—The Third Internationale was told by Zinovieff, chairman of the executive committee, that the way to world revolution is through Germany, where, he said, the movement had made tremendous strides. He predicted that the next few months would bring "surprising happenings" in the country.

The Soviet leader declared that some progress had been made in the United States toward the world revolution despite persecutions and the very thorny paths which Communists have had to travel. He admitted that the situation in England was almost hopeless and in Italy and France very discouraging, but said optimistic reports have been received from Japan and India.
